Credit Card

Increase your Revenue, Add your own Credit Card Surcharge

Your Flexible Friend!

We are heading towards a cashless community; cheques are to be made obsolete by 2018 and more people are turning to the plastic in their wallets to pay for goods and services. To remain competitive and flexible you need to adapt to the changes and ultimately meet the customer's expectations.

They want to pay by card!

Cordic on-line credit / debit card facilities allow your Office staff to take payments easily.

Payments are authorised on-line and paid directly to your bank account.

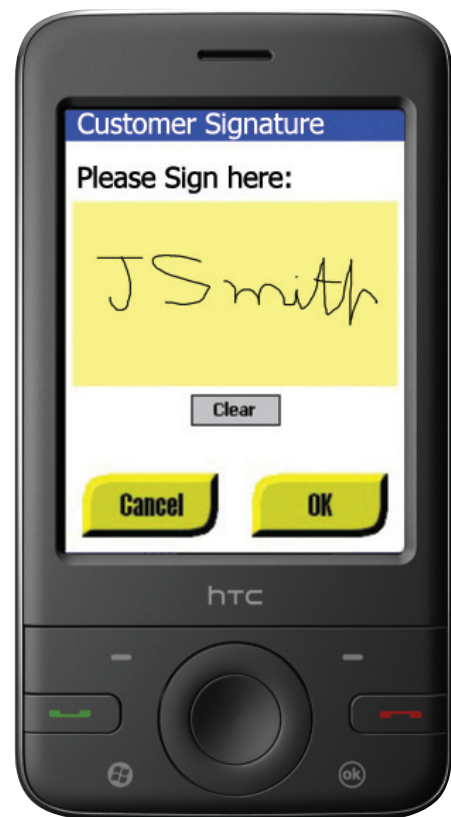

Drivers can also accept credit or debit card payments in the car. All payments are authorised on-line from within the car.

With a Cordic Credit Card Web Booking, or iPhone / iPad App module, your customer can pre-pay for their trips using a credit or debit card when they book jobs on-line.

The cost of the journey is calculated automatically based on the rates and fixed price rules you set up.

Features and Benefits

- Add your own credit card surcharge
- Optional printer and card reader in the vehicle
- Take the passenger's card number over the phone...
- ...or swipe the card in the vehicle
- Authorise payments electronically, direct from the vehicle and receive funds direct to your bank account
- Passenger can receive a printed receipt
- Get a signature on the Pocket PC screen, or on paper
- Fully integrated within the Cordic cPAQ system

Credit Card

Customer Signs

The Best
Despatch System

The In-Car Customer Experience

Show full details on the Pocket PC in the Taxi, including price and surcharge

Collect the passenger's signature on the touch screen of the Pocket PC

The signature is saved at the control centre

Alternatively as an Option...

Use a portable Bluetooth Printer and Card Reader in the Taxi

Swipe the credit card in the vehicle

Collect the passenger's signature on a printed voucher

Print a receipt for the passenger to keep

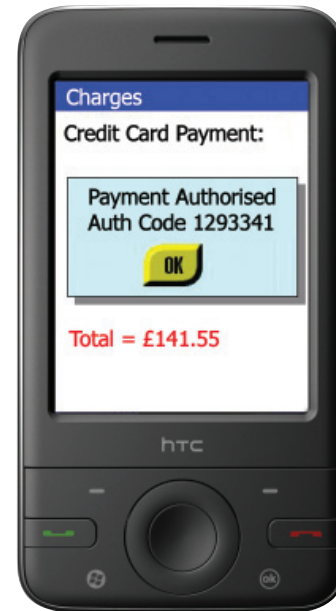

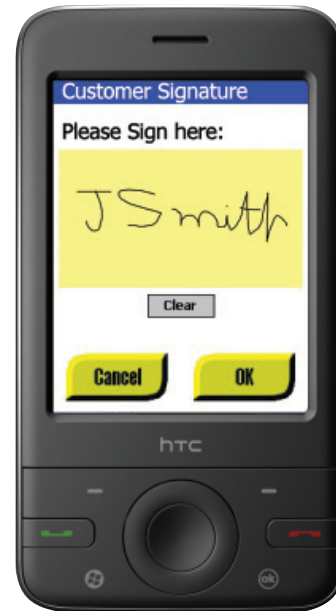

Seamless Communication

Payments are authorised directly on-line, via the GPRS radio link

Authorisation is immediate, whilst the passenger is still in the vehicle. The money is then credited to your bank account

Driver will see the payment on his statement together with his normal account work

You have a full audit trail of all transactions
