

## Web Booker Online Bookings and Payments

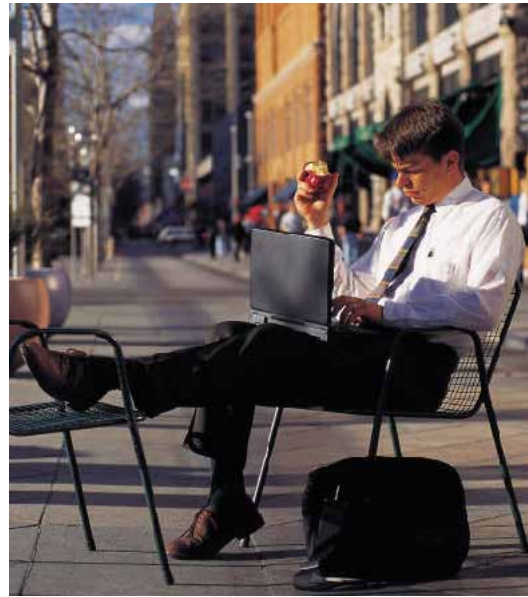

### Web Booker

Cordic's market leading cPAQ Taxi Despatch System offers the most complete and fully integrated Web Booking package in the industry. Cordic's Web Booker lets your customers book, pay and track jobs online from anywhere without tying up your valuable staff.

- Web users can book jobs quickly and easily from their home, office or anywhere they have web access
- Ideally suited for corporate accounts - offering easy access to view all booked and completed jobs
- Simple and easy to follow booking instructions including full UK address search, passenger name, pickup date & time and any special requirements
- Provides automatic quotations for fixed price jobs based on mileage, 'price matrix' or pricing rules that you have set up for that user
- Confirms booking instantly on screen and sends confirmation to the user by email
- Once a job is booked, the web user can track the progress of their vehicle in real-time on a map

Cordic's Web Booker can be customised for you and your customers. Provide a more professional service to your corporate accounts by tailoring their Web Booker site to suit their requirements:

- Customise with their corporate branding
- Convenient drop down list of regular pick-up and drop off locations
- Option to show or hide job types, charges and quotations
- Allow users to edit their details and manage bookings

Use Web Booker anywhere there is an internet connection
